WILDIE.

(Possum Holler, Pro tem.)

Glad I am to inform the readers of the SIGNAL and the rest of mankind that I am again at the post of duty, tho' my health is very poor.

I find that matters and men have about resumed their normal status—Fishes voice has returned. Jim Wood has been found, and gives as a reason for his unknown absence that he had been hunting for that 1000 republican majority that had been promised Yerkes in this county and failed to show up. Brannaman has retired absolutely from pollytix and will now devote his whole time to insectology. He has imported more hoppers, some big ants, white crickets and a setting of guayascutis eggs.

Hog killing is now the order of the day at this point and by the way I must say that more good hogs will be slaughtered here than in any other section of Rockcastle.

Mrs. Matty Broyles, of near Level Green, died on the — Inst. leaving seven children, mostly small. The husband of deceased has been absent for a year and his whereabouts unknown—supposed to be a soldier in the Philippines; should he not be, and should he see this item we hope he'll speedily return to his children.

We made a flying business trip to Pulaski's capital last week and formed an acquaintance with editor Campbell, of the Home Journal, who, we consider, passed quite a compliment on us when he declared that no beauty had been wasted with us. He is running one of the best local papers in Kentucky, and he spares neither labor nor money to improve it. Why such a paper can not be a success in as wealthy a county as Pulaski, with a democratic vote of over 2000 is a problem we can't solve. Long may it live to expound and promulgate "Political Gospel" in the future as it has in the past.

Every where I go I meet with a republican candidate for some kind of office, which clearly demonstrates to my mind that the wool will fly before the ideas of March are over. As we have no voice in selecting the men who will fill the offices for the next 4 years we will say: Give us good men and we will be satisfied for you have lots of them. Mr. editor we do hope that you and "Citizen" and other "Good Road" advocates will never "let up" on that subject until we have a \$50,000 bond issue for the purpose of building pikes through the county. We can issue \$50,000 in bonds sell them at a premium, pay not more than 4 per ct., build two pikes across the county and pay off the bonds in a few years, and then build some branch roads leading to those main lines so as to give good roads to nearly every citizen in the county and hurt no one by taxation; then why sit idle by and growl. Let us up and at it. If we can pay 33 1/3 per ct. tax to the coal oil trust 50 per ct. to the iron and steel trust and now 100 per., to the salt trust—things that rob and give no return—why can we not, yes, why will we not pass a small tax for good roads that will render untold blessing and be a joy and blessing to ourselves and our posterity.

Yours truly,
BUCK VARNON.

A London correspondent, of the Cincinnati Enquirer, says there has been a moonshine still flourishing for the last 20 years on Horse Lick, in Jackson county, and run by Mary Jane Rose, a widow. A photograph is presented showing the still and its surroundings. The "White-lightning" business has been a great curse and draw-back to the north east side of Rockcastle and of Jackson. It has caused many a murder and made many a rowdy. Just previous to the sad and sudden taking off of B. Ash he had been to Jackson and filled up on moonshine, then went to the closing exercises of Sam Brown's school where he was killed. Little if any, can be procured in this county but the good citizens near the Jackson line, of both counties should unite in driving this home-destroyer from us and placing the violators where they belong.

The annual report of the Commissioner General shows that 306 immigrants came to Kentucky last year, of that number forty were Japanese, seventy two Hebrews and sixty five Germans. If Rockcastle could secure more Germans like our own Fritz Krueger and Fred Hahn this county would be much better off. They are laborers in the vineyard of prosperity.

In the language of Gov. Beckham, "let us forget bitterness engendered by political strife. Let us lay aside all malice, envy and jealousy; clasp hands as citizens and neighbors and with shoulders together, proud of our county and hopeful of its future, let us unite in an effort to develop it in every way. The first step is the construction of good roads.

Rural free delivery has come to stay, according to the annual report of Postmaster General Smith, and its benefits are many. Mr. Smith repeats his recommendations against the abuse of the second-class privileges, which alone prevent the Post-office Department from being profitable. All other departments are more than self-sustaining.

The War Revenue Reduction Bill will come up in the House the latter part of the week. The brewing interests are prepared for a further reduction in the tax on beer. The plan is to cut the tax \$1.35, making a reduction of \$7,000,000, and to even it up by retaining the tax on bank checks.

HERE is to you Gov. Beckham You are young but wise. May you give to this state that which we so badly need—a safe, economical and business like administration of state affairs. And here is to the lady of the mansion, Mrs. Beckham also!

THE inaugural ceremonies of last Tuesday have come and gone. Among the thousands of enthusiastic democrats that gathered in the historic old capital "under the hill" were our own handsome and portly Bill Mullins and Logue Thompson.

It is now believed that Joseph H. Manley, of Maine, will not accept the Commissionership of Internal Revenue, and that the position will shortly be tendered John W. Yerkes.

Pity and Beauty

The most beautiful thing in the world is the baby, all dimples and joy. The most pitiful thing is that same baby, thin and in pain. And the mother does not know that a little fat makes all the difference.

Dimples and joy have gone, and left hollows and fear; the fat, that was comfort and color and curve—all but pity and love—is gone.

The little one gets no fat from her food. There is something wrong; it is either her food or food-mill. She has had no fat for weeks; is living on what she had stored in that plump little body of hers; and that is gone. She is starving for fat; it is death, be quick!

Scott's Emulsion of Cod Liver Oil is the fat she can take; it will save her.

A London correspondent, of the Cincinnati Enquirer, says there has been a moonshine still flourishing for the last 20 years on Horse Lick, in Jackson county, and run by Mary Jane Rose, a widow. A photograph is presented showing the still and its surroundings. The "White-lightning" business has been a great curse and drawback to the north east side of Rockcastle and of Jackson. It has caused many a murder and made many a rowdy. Just previous to the sad and sudden taking off of B. Ash he had been to Jackson and filled up on moonshine, then went to the closing exercises of Sam Brown's school where he was killed. Little, if any, can be procured in this county but the good citizens near the Jackson line, of both counties should unite in driving this home-destroyer from us and placing the violators where they belong.

The annual report of the Commissioner General shows that 306 immigrants came to Kentucky last year, of that number forty were Japanese, seventy two Hebrews and sixty five Germans. If Rockcastle could secure more Germans like our own Fritz Krueger and Fred Hahn this county would be much better off. They are laborers in the vineyard of prosperity.

In the language of Gov. Beckham, "let us forget bitterness engendered by political strife. Let us lay aside all malice, envy and jealousy; clasp hands as citizens and neighbors and with shoulders together, proud of our county and hopeful of its future, let us unite in an effort to develop it in every way. The first step is the construction of good roads.

Rural free delivery has come to stay, according to the annual report of Postmaster General Smith, and its benefits are many. Mr. Smith repeats his recommendations against the abuse of the second-class privileges, which alone prevent the Post-office Department from being profitable. All other departments are more than self-sustaining.

The War Revenue Reduction Bill will come up in the House the latter part of the week. The brewing interests are prepared for a further reduction in the tax on beer. The plan is to cut the tax \$1.35, making a reduction of \$7,000,000, and to even it up by retaining the tax on bank checks.

HERE is to you Gov. Beckham. You are young but wise. May you give to this state that which we so badly need—a safe, economical and business like administration of state affairs. And here is to the lady of the mansion, Mrs. Beckham also!

THE inaugural ceremonies of last Tuesday have come and gone. Among the thousands of enthusiastic democrats that gathered in the historic old capital "under the hill" were our own handsome and portly Bill Mullins and Logue Thompson.

It is now believed that Joseph H. Manley, of Maine, will not accept the Commissionership of Internal Revenue, and that the position will shortly be tendered John W. Yerkes.

Gen. DeWet, the Boer commander, is reported to be in a dangerous position.

CARD OF THANKS.

We desire to express our heartfelt thanks to our friends who rendered us such great kindness during the illness, and after the death, of our sister, Lucy. They will be held ever dear to us in the future years to come.

With respect.

MRS. S. C. FRANKLIN J. F. GRIFFIN.

We heard rather an interesting story told a few days since, of a certain man in this county, who was heretofore considered rather a prominent citizen; that just a few days before the election, he went to his neighbor's crib, stole the corn, took it to a moonshine still, had it made up on the shares and on election day divided it out among his friends. No names were given.

At a meeting of the directors of the First National Bank, of Stanford, it was unanimously resolved that it was to the interest of the stockholders of the bank that its capital be reduced from \$108,000 to \$50,000 on Jan. 30th, and the excess of \$50,000 to be paid to the stockholders as soon thereafter as practicable. The vote for this purpose will be taken on Jan 8th.

CURATOR'S SALE.

On Saturday, the 22nd day of December 1900, I will sell at public auction at the late residence of John Sayers, deceased, all the personal property belonging to the estate, consisting of work horses, milk cow, wagons, wheat, corn, hay, bee hives, farming tools, house hold effects &c. &c.

All articles will be sold on a credit of six months. Notes with approved security bearing legal interest will be required of all purchasers before the property is removed. This Dec. 11th., 1900.

O. F. HAMN, Curator John Sayers estate.

Mr. John Bloomer, of Woodstock, representing the defunct Somerset Banking Co., was here Tuesday with a petition, to get George Livesay Jr. and the heirs of J. J. Williams—stockholders in the bank, to sign, asking Congress to appoint Mr. J. J. Simpson, of Casey county, as a permanent receiver of said bank. Mr. Simpson had already been recommended, by Representative Boreing, but the Congressman, after he had made the recommendation happened to recall the fact, that he had promised to get the place for young Mr. Waddle, son D. H. Waddle; and then it was he recalled the recommendation of Mr. Simpson and asked that Mr. Waddle be appointed. Several reasons are assigned why Mr. Simpson should be appointed, but the principal reason is, that by his appointment the stockholders would be able to save about \$1000 or more as his services would cost nothing.

Dispatches from the Philippines say that on Thursday, Lieut. Charles Morrow, with fifty men from the Forty-seventh regiment, attacked and occupied Bulacan. While returning, these troops encountered Col. Victorio, occupying an entrenched position, with thirty rifles and 300 bolomen. Lieut. Morrow's force charged and drove the enemy from their position, it is believed with heavy loss. Preceding the fight the expedition had captured Maj. Flores and several of his followers. Lieut. Morrow is making a splendid record for himself and is daily adding more laurels to that already renowned family. He entered the services as Second Lieutenant and was advanced to the position of First Lieutenant while in Porto Rico. After the First Kentucky was mustered out he was appointed a Second Lieutenant in the Forty-

seventh regiment. He is a native of Pulaski county, and is a son of Judge T. Z. Morrow and a nephew of Gov. Bradley. He is only twenty-two years of age.

MISS FLORELLE BROWN DEAD.

Just after dinner, on last Tuesday, our people were saddened by the announcement of the death of Miss Florelle Brown. After a lingering sickness of seven years, that dread disease, known as consumption, ate up the thread of her young life and she passed quietly away surrounded by her devoted brothers and sisters. For two years she has been a patient sufferer and seemed to thoroughly realize her fate. She was next to the youngest daughter of Dr. and Mrs. J. J. Brown, both of whom preceded her many years to the grave. Miss Florelle was born in 1875, being 25 years old on the 3rd day of last August. She joined the Christian church at this place when only twelve years of age and was always a faithful member. Just a day or so before her death she said she was ready and wanted to go. Rev. J. W. Mills, the former pastor, came down from Junction City, and preached the funeral, and took his text from the 21st verse of the 1st chapter of Paul's letter to the Phillipians. "For me to live is Christ, and to die is gain." So it was with this beautiful Christian character, for in her death she had gained heaven and eternity. Mrs. C. C. Williams, Mrs. Dr. Lovell, Mrs. Mae Rider, Miss Grace Cox and W. A. Cox sang in a low, sweet tone "Waiting by the river;" "It is well with my soul" and "A sleep in Jesus." She was quietly and gently borne by loving hands to the old cemetery and laid to rest by the side of her oldest brother, that noble boy, "Bob" Brown. She leaves three sisters, Mrs. Georgia Rice, Mrs. M. J. Miller Jr. and Mrs. C. C. Davis, and two brothers, Maurice and E. B. Brown.

After using the Wine during pregnancy this time, I gave birth last month to a baby girl, and was in less than two hours, with but little pain, and I have plenty of milk. For this great improvement in my health I thank God and Wine of Cardui."
